WHO USES THE PDA ASSESSMENT?

The PDA Assessment delivers an assertive feedback to those who complete the form. It is a reliable product that can be used by consultants and human resources professionals in coaching, training, and talent selection and mapping programmes. It allows any person to understand their strengths and weaknesses and to maximise their job potential and personal achievement.

Types of PDA Assessment:

Behaviour Profile	Group Tendencies
Job matching (Individual)	Job matching (groups)
Skill matching (Individual)	Skill matching (groups)
Leadership Matching	PDA 360° Feedback

ABOUT PDA INTERNATIONAL

This global organisation develops, implements and transfers technological tools and innovative programmes for the comprehensive management of talent.

It currently offers, implements and trains clients and partners in using and applying it in over 50 countries. At OKU HUMAN® we design consultancy and human resource management solutions based on the real needs of our clients, based on the information gathers through the PDA Assessment, thus helping our partners to leverage human relations in organisations and maximise their results.
